

The Magic School Bus Chemistry Lab Set

Budding chemists can join Ms. Frizzle and her students as they explore the field of chemistry.

Young Scientists make sticky ice, use litmus paper, measure pH, perform chromatography, make bubble sculptures, wake-up fungus, create slime, form a bouncy ball, learn about density, produce a milk rainbow, plate copper, and so much more! This exhilarating bus-shaped kit comes packed with science components, 51 colorful experiment cards and a data notebook to record observations. Seatbelts, everyone! Get ready to experiment with your very own chemistry lab.
