

Problem-Solving Products

When we hear about new or helpful products, we like to let our readers know! Here are a few of the interesting items we've recently found. Visit the product website for a list of local retailers.

Problem:

Mom! Science is boring!

Solution:

Make learning fun with a game.

The Animal Tracks memory game (\$14.99) turns the classic game of memory into an animal tracking expedition. (kidsciencekits.com)
